

SYLVAIN FORGET  
Co-Founder

**Sylvain** is a **recognized expert of the orphan environment**. For the last 15 years, Sylvain has specialized in setting up and managing operational organizations dedicated to orphan drugs and niche products.

Before co-founding BlueDil, **Sylvain created Nassyane** in 2013, a consulting company dedicated to support teams and organizations operating in the orphan sector.

Between 2006 and 2015, **Sylvain** served successively as **General Manager France, Belgium and North Africa at Swedish Orphan International, then Head of EMENA (27 countries) at SOBI**. Between 2013 and 2015 Sylvain was **COO and co-founder** of GMPO a French start-up dedicated to orphan diseases.

**Sylvain entered the pharmaceutical industry in 1989**, holding marketing/sales/medical key positions, in France and internationally, with Glaxo, Zambon, Lundbeck, Novo Nordisk, and Teva.

**Sylvain** is **Associate Professor and President of the pedagogic comity of the Marketing Master of Paris-Sud Pharmacy University**.

**Doctor in Industrial Pharmacy**, graduated of the Ecole Supérieure de Management pour l'industrie du Médicament (BA-Sup de co, Tours), **Sylvain** holds a Managing Medical Sales and Marketing Diploma (Scandinavian International Management Institute, Copenhagen) and is a **certified Coach** from Ecole Supérieure de Coaching (Paris).
