

Matthieu ARGAUD
Project Manager

Matthieu completed his Pharmaceutical Doctorate (PharmD) at Paris-Saclay University, simultaneously with an international bachelor in Management at the INSEEC School of Business & Economics.

He holds a master's degree in Healthcare Economics & Management from the University of Paris-Dauphine | PSL and completed his externship at the French Military Hospital of Percy in internal medicine and pharmacy.

During his training, **Matthieu** started his career in industry with BlueDil as a junior project manager and joined later the Market Access & Pricing department of Celgene | BMS.

Passionate about philosophy, economics and law, his will is to contribute to the development of innovative medicines for the patients suffering from rare and severe disease.

Matthieu joined **BlueDil** in October 2020 as Project Manager.
